SUMMARY

I am Sabrina Rizki Aulia, a Software Engineering student at Taruna Bhakti Vocational High School with a strong interest in Web Development and UI/UX Design. I have developed several web applications through school projects, including an E-Commerce website, a Library Management System, and a Public Complaint Service application. I am eager to expand my technical skills and gain professional experience through an internship opportunity.

ACADEMIC PROJECTS

• BunnyShop – E-Commerce Website

Developed a responsive e-commerce website using HTML, CSS, JavaScript, Tailwind CSS, and REST API (Fake Store API). Implemented dynamic product catalogs, shopping cart, and checkout features.

• EasyHelp – Home Service Booking Website

Developed a home service booking website using HTML, CSS, JavaScript, Tailwind CSS, and Figma. The platform allows users to browse and book cleaning services through a modern and responsive interface.

• Library Management System

Developed a web-based library management system using Next.js, MySQL, Tailwind CSS, and NextAuth. Implemented authentication, dashboard, and CRUD features for managing books, users, and borrowing transactions.

• Public Complaint Service

Developed a public complaint management system using Next.js, Express.js, MySQL, and REST API. Implemented complaint submission, authentication, dashboard, and complaint status management.

EDUCATION

Taruna Bhakti Vocational High School
Software Engineering (RPL)
2024 – Present
